## Isolated Low Ropes Elements - March 2015

### Extra Costs for Consideration

- Personal Protective Equipment (PPE).
- Accommodation, subsistence and mileage during construction of project
- Flights, airport parking, connections and ferry costs (were applicable)
- Annual inspection costs
- Ground Preparation and Covering (see below)
- Site Specific Training (see below)
- Fencing, footpaths and landscaping
- Planning application fees
- Insurance

### Ground Cover & Surrounds

We recommend using pea gravel because it has good drainage and does not mulch down or require topping up like bark and wood chips. If you would prefer bark chips or rubber matting please contact us for a quote.

### Training

Staff will be trained, assessed and certified by Vertex Training Ltd, the UK's leading ropes course training company. Training will include operational procedures for the ropes course, correct use of PPE, access, inspections and rescues, challenge by choice and development skills. The duration of the training course will depend on the experience of the staff using the course. Training programmes accommodate up to ten members of staff to attend a site specific training course. The daily training rate is £400.00 (+ Vat) per day excluding mileage at £0.45 per mile and accommodation costs.

For more information or to book your training please feel free to contact Vertex. We strongly recommend that once you have a start date for your ropes project you book your training course. Call Vertex on 01929 480 920 or email [enquiries@vertex-training.co.uk](mailto:enquiries@vertex-training.co.uk)

### Additional information

For further information on any JM Adventure ropes course please contact [info@jmadventure.com](mailto:info@jmadventure.com) or call 01929 475691.

Prices are correct as of March 2015, they are based on a UK installation and are subject to change without notice. All course sold subject to the standard JM Adventure terms and conditions available on our website [www.jmadventure.com](http://www.jmadventure.com).
